

GR3 Grade 5 Titanium Alloy Plate , AMS 4928 Titanium Rectangular Bar

Our Product Introduction

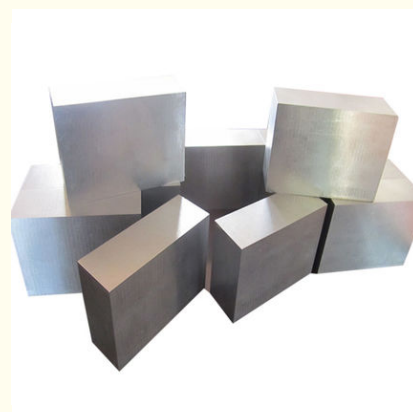

Basic Information

- Place of Origin: China
- Brand Name: CDX
- Certification: ISO9001:2015 certification
- Model Number: CDX-TB-2021-18
- Minimum Order Quantity: 100kg
- Price: Negotiable
- Packaging Details: plywood case
- Delivery Time: 5-35days
- Payment Terms: L/C, T/T
- Supply Ability: 50000 kg per month

Product Specification

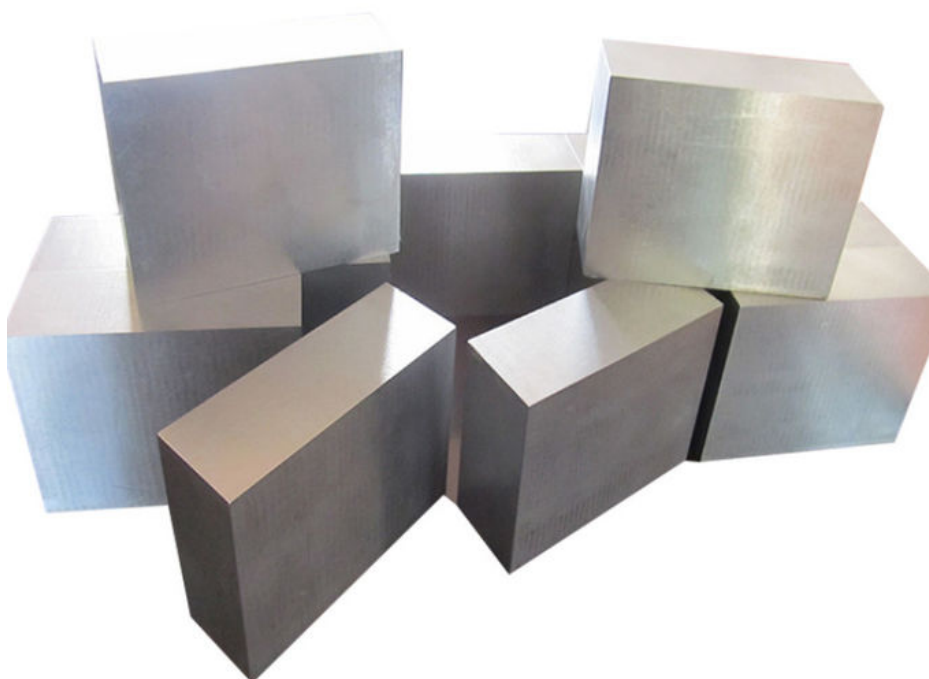

- Key Word: Titanium Block Alloy Titanium Brick Billets
Cube Grade 2 Grade 5
- Model: Ti Forged Block
- Titanium: Grade 2 , Grade 5
- Shape: Round Square Plate
- Surface: Machined Polished
- Product Name: Titanium Block
- Shape: Round, Square, round/flat, Round.square.Rect
- Technique: Forging And Rolling Anneal
- Application: Industrial, Medical
- Standard: ASTM B348, ASTM F136, AMS 4928, ASTM F67, Hot Sale Gr1 Titanium Bar
- Highlight: **Rectangular Titanium Alloy Plate,
AMS 4928 Titanium Alloy Plate,
GR3 Titanium Rectangular Bar**

Product Description***Titanium block alloy titanium brick billets cube grade 2 grade 5***

Technique	Forging
Shape	customs made
Density	4.51g/cm3
Standard	ASTM B381
Quality control	Ultrasonic testing & material test report & VISUAL INSPECTION
Application	Mechinery, industry, oil drilling equipment
Grade	Pure titanium and alloy titanium
Ti content(%)	99.60%
color	titanium original color
surface	RF, FF, MFM, TG, RJ etc
size	DN10- DN1500

Application	Metallurgy, electronics, petroleum, aerospace Industry, Medical, Surgical plant, Aerospace, Chemical industry Electronic industry Mechanical engineering
Type	GR1, GR2, GR3, GR4, GR5, 6AL4V Eli, GR7, GR9, GR12, GR23,TB3, TB6, TC4, TC6, TC11, TC17, TC18
Standard	ASTM B348,ASTM F136,ASTM F67,AMS4928
Surface	Acid pickling surface, Polished surface, Machined surface
Certificate	ISO 9001:2008
Manufacturing process:	Hot forging hot rolling turning (polishing)
Supply Ability	10 Tons per Month

which shows the chemical composition and physical properties
we provide a quality inspection report with the goods,
