

Alloy Material Titanium Clad Copper Bar For Electroplating Electrolysis

Basic Information

- Place of Origin:
- Brand Name:
- Certification:
- Model Number:
- Minimum Order Quantity:
- Price:
- Packaging Details:
- Delivery Time:
- Supply Ability:
- CDX-C-2021-023 2 piece

ISO9001:2015 certification

Negotiable

China

CDX

- ails: plywood case 5-35 working days
- y: 500 piece/week

Product Specification

- Product Name:
- Material:
- Standard:
- Size:
- Advantage:
- Shape:
- Highlight:

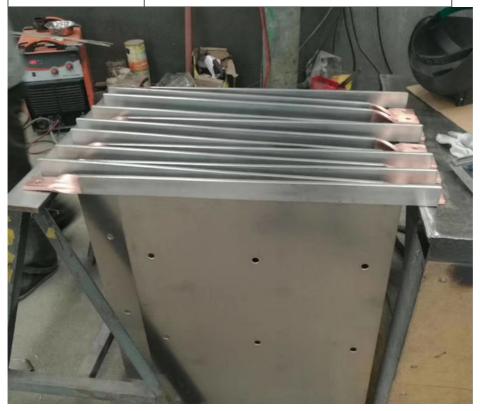

- Titanium Clad Copper Alloy Rod Square For Electrowinning/electroplating/electrolysis
- Pure Titanium
 - GB/T12769-2003 ASTM B432
 - Customized
 - Acid Resistance High Performance
- Round Or As Order
 - Alloy Titanium Clad Copper Bar, Electrolysis Titanium Clad Copper Bar, Electroplating Titanium Alloy Bar

titanium clad copper alloy rod square for electrowinning/electroplating/electrolysis

Titanium-copper Composite Rod for Metal Anode Electrolytic Tanks

| Titanium Clad Copper | |
|----------------------|--|
| Substrate | Copper T1 T2; Aluminium, etc. |
| | Round: 6.35 - 78mm |
| Specification | Rectangle: width 20mm - 150mm x thickness 6mm - 30mm |
| | Flat: side length 10mm - 30mm |
| | (Other materials and specifications can be produced according to customer requirements.) |
| Cladding Materials | Titanium, Zirconium, Nickel, Stainless steel(304, 316L), etc. |
| Titanium layer | 0.8mm-3mm |
| Standard | GB/T12769-2003 ASTM B432 |
| Advantages | corrosion resistance, energy saving |
| Shape | round, drum-shaped, square, flat |
| Application | electrolysis, electroplating, hydrometallurgy and metal anode electrolysis cell |

Q: Why choose us?

A1: We have 14 years experience for titanium products making.

A2: Provide third-party quality inspection reports.

A3: ISO9001:2015 certification

A4: 24 hours online service & quickly quote and delivery.

A5: Lower price, good quality and short delivery time.

A6: Sample order is acceptable.

Welcome to contact us for detail !
